Dear friends,

Welcome to Canopy Camp Darien!

This checklist accounts for the birds and mammals seen at the Canopy Camp and surrounding areas. As you feast your eyes on some of the 524 species of bird and 73 species of mammal found here, you can record your daily sightings in this handy checklist we have prepared for you.

Darien is possibly the least-explored and most biodiverse region in all of Central America, and we are excited to share its birds and wildlife with you. We hope this checklist will help you to remember your birding experiences with us in Panama!

Codes used in Column A

Codes	Sample Species
a = Abundant	Red-lored Parrot
c = Common	White-headed Wren
u = Uncommon	Gray-cheeked Nunlet
r = Rare	Sapayoa
vr = Very rare	Wing-banded Antbird
m = Migrant	Bay-breasted Warbler
x = Accidental	Dwarf Cuckoo
(E) = Endemic	Stripe-cheeked Woodpecker

Species marked with an asterisk (*) can be found in birding areas visited on our tours outside of the immediate Canopy Camp property, such as El Salto Road, Bayano Lake, Nusagandi, El Real, and Darién National Park.

Of course, with incredible biodiversity and changing environments, there is always the possibility to see species not listed here. If you have a sighting not on this list, please let us know!
